

The MFMA Accreditation Program is intended to improve installer's competencies in the installation of MFMA maple sports flooring systems, and to provide architects, construction specifiers and end-users with information to make informed choices about the selection of qualified installers and installation companies. MFMA Mill Manufacturing members are in the process of qualifying installation companies and individual installers to meet the requirements of the MFMA Accreditation Program.

MFMA-AI Application Form

MFMA-AI

Applying for: Initial Accreditation by Examination Reaccreditation by Examination

Directions:

- Please complete information on all required forms. If the information requested does not apply, please mark that page or line N/A for "Not Applicable". A completed application for accreditation or for reaccreditation by examination includes:

Signed Verification

I understand that my company is required to maintain these requirements in order to maintain my status as a MFMA Mill Accredited Installation Company. I understand that my company is subject to unannounced audits by MFMA personnel to verify that my company is maintaining these requirements. I also understand that failure to maintain or allow verification of these requirements by MFMA personnel will result in the revocation of my MFMA Mill Accreditation and the individual installer accreditation of any of my employees. I understand that revocation will result in the indication that my company's and/or employee's accredited status will be posted on the MFMA web site along with a explanation of why my company's accreditation has been revoked for a period of one year.
